The EVICR.net - European Vision Institute Clinical Research Network, EEIG is dedicated to clinical ophthalmic research in Europe.

It is rapidly expanding and it is a fundamental and useful resource for Industry and Researchers.

Aims & Objectives

This Network aims to perform clinical research efficiently and professionally in Europe, striving for excellence and following the European and International Directives for Clinical Trial Research (Declaration of Helsinki, ICH GCP Guidelines, EU Directives and local legislations).

Organization & Scope

EVICR.net has a **Steering Committee** and is supported by **Expert Committees** that have a fundamental role in the scientific organization of EVICR.net covering the following areas:

- **AMD and Retinal Dystrophies**
- **Diabetic Retinopathy and Retinal Vascular Diseases**
- **Glaucoma**
- **Anterior Segment**
- **Reading Centres**

There are also two **Transversal Sections** in the following areas: **Rare Diseases** and **Medical Devices**.
