

An IIR – Investigator Initiated Research is a clinical trial that is instigated by academic researchers.

If you are an Investigator and you have an idea for a multinational clinical study, EVICR.net

helps you putting in place your idea of a research study in ophthalmology.

• Do you need scientific review / expertise?

EVICR.net has scientific Expert Committees and Transversal Sections that can provide you with scientific advice and cover the following main areas of ophthalmologic research:

- ❖ Age-Related Macular Degeneration
- ❖ Retinal Dystrophies
- ❖ Diabetic Retinopathy & Vascular Diseases
- ❖ Glaucoma
- ❖ Anterior Segment
- ❖ Ocular Surface, Inflammation, Dry-Eye & Allergies
- ❖ Medical Devices
- ❖ Rare Diseases

• Do you need to identify other Clinical Centres?

EVICR.net has 102 Centres in Europe and can perform a study specific feasibility assessment.

• Do you need help in submitting a grant?

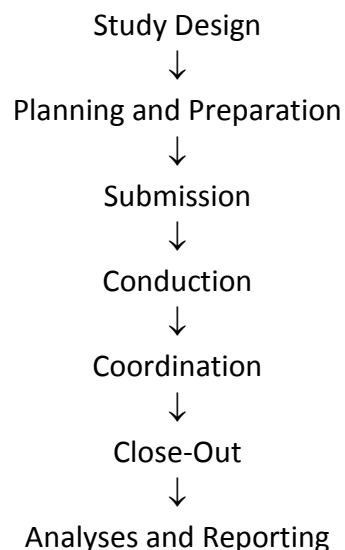

EVICR.net provides you support in submitting grant application to pharmaceutical industry or to European Union funding for your clinical study.

How to proceed?

Submit your idea by filling the abstract available at www.evicr.net.

If you are not yet an EVICR.net member please contact the EVICR.net Coordinating Centre.

EVICR.net supports the design and implementation of multinational clinical research activities in ophthalmology

EVICR.net - European Vision Institute Clinical Research Network, EEIG is an **Ophthalmology Network of Clinical Research Centres**, which includes already **102 members** from **15 European countries**, that supports **European multinational clinical research**.
